Digital India Corporation: fresher roles and internships

The 3 openings that need no prior work experience, out of the 33 listings on the official careers page, with minimum eligibility and links. Compiled on 12 November 2026 by Desi System Design.

Read this first. This is an unofficial summary of public notices on **dic.gov.in/careers**. Desi System Design is not affiliated with Digital India Corporation, NeGD, Bhashini or the Government of India. Dates and criteria can change, so open the official notice before you apply; if this sheet and the notice differ, the notice is right. Applying is free: never pay anyone for a job. Where a notice gives no figure for pay, age or contract length, this sheet says so instead of guessing.

At a glance

Technical Intern	50 posts · engineering graduates or postgraduates, 75% marks, 2025 / 2026 passouts or 2027 final year · Rs 20,000 per month · last date 20 November 2026 (A)
Non-Technical Intern	12 posts · graduates or pre-final / final-year students, 60% marks · Rs 15,000 per month · last date 20 November 2026 (A)
Recognition — Associate	1 post · bachelor's or master's degree, 0–4 years · 3-year contract, pay not stated · New Delhi (B)

How the tables work. One section per official notice (A and B). The box above each table holds what is common to every position in that notice: contract type, location, pay, age limit and last date. Each row then gives the minimum degree, the minimum experience, the key skills, and three links: **Details** (the position's page on dic.gov.in), **Notice** (the official PDF) and **Apply** (the official form or portal).
